Get yourself future-ready while studying for a Diploma @ TP!

Join the
TP-SUTD Pathway Programme!

Jointly administered by Temasek Polytechnic (TP) in partnership with Singapore University of Technology and Design (SUTD), the TP-SUTD Pathway Programme (PP), allows students who enrol in TP courses to take modules taught by SUTD while studying for your diploma, and to earn credits which are recognised for degree programmes offered offered by SUTD.

By taking SUTD modules in your final semester at TP, alongside first-year SUTD students, you can complete your SUTD degree one year ahead of your peers!

Who is Eligible?
All students from the following courses:

- Diploma in Electronics (ELN)
- Diploma in Mechatronics (MTN)
- Diploma in Biomedical Engineering (BME)
- Diploma in Computer Engineering (CEN)
- Common Engineering Programme (CEP)*
- Diploma in Chemical Engineering (CHE)
- Common Science Programme (CSP)*

  For CEP students who choose ELN/MTN/BME/CEN, CSP students who choose CHE

Application & Selection Criteria
- Students can apply to the Pathway Programme after a briefing in Year-2 Semester-1
- Selection of students will be by merit and interview
- The PP programme will start in Year-2 Semester-2

What are the Benefits?
- Shortens the time to get from diploma to degree to work
- Gets an immersion of university life during your diploma studies
- Gains conditional admission to SUTD after TP Year-2 Semester-2
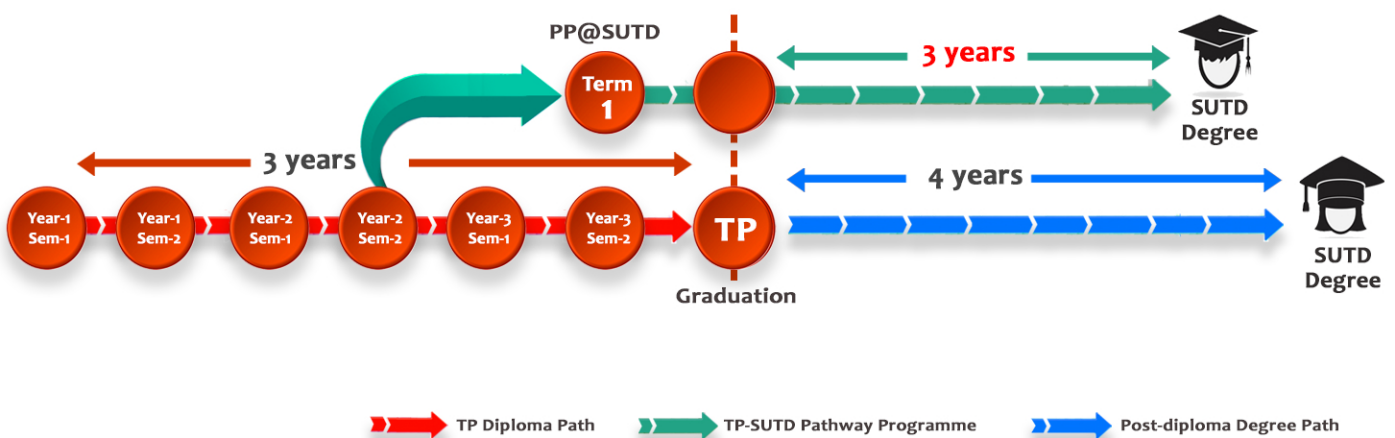

Any Scholarships?
Yes, PP students can apply for SUTD undergraduate scholarships during Term 1 at SUTD.*

Matriculation to SUTD
PP students will be matriculated to SUTD's Term 2 directly after they have completed their TP diploma course requirements and upon meeting SUTD's Term 1 course requirements.

Scholarship application outcome will only be known in Term 2.
